

2018 EEA Commercial Energy Efficiency Products Program

Empire Electric Association, Inc. & Tri-State Generation and Transmission Association, Inc. will pay incentives to EEA members who install qualifying energy efficient equipment.

Credit must be requested within 120 days of installation.

Call Energy Management Advisor for additional information (970) 565-4444 for (800) 709-3726

Retrofits, New Construction, and Exterior Lighting

Pre-Authorization required. Contact our Energy Management Advisor to find out about incentives paid for other kinds of lamps and fixtures.

Incentives are paid based on the type of lamp or fixture installed. For example:

- LED 3ft or 4ft Linear Replacement Lamp \$3.00/Lamp Incentive
- LED Exit Sign \$7.00/Sign Incentive
- LED Low Bay (8k to 10k lumens) \$45.00/Lamp or Fixture
- Incentives are capped at 50% of invoiced fixture and / or lamp material cost. Each project is capped at \$20,000.

Pole Mounted Lighting

Pre-Authorization required, contact our Energy Management Advisor.

- Incentives are paid based on the minimum fixture Lumens
- Incentives are capped at 25% of invoiced cost for each head or retrofit kit. Each project is capped at \$20,000.

Refrigerated/Freezer Case LED Lighting

Pre-Authorization required, contact our Energy Management Advisor.

- \$60 per door for reach-in cases.
- \$10 per linear foot for top lighting of multi-deck open cases
- Incentives are capped at the lesser of 50% of the fixture material cost or \$3,000 (50 doors or equivalent) per member-owner account location.

Electric Water Heaters

Complete application form, attach receipt and photo of yellow energy guide label. Contact our Energy Management Advisor concerning heat pump questions.

- \$60 basic unit - 30 - 55 gallon resistance water heaters
- \$100 lifetime tank warranty 30 - 55 gallon e.g. Rheem Marathons®
- \$200 ground source heat pump powered or desuperheater (waste heat system)
- \$700 heat pump water heater 30 gallon minimum (air to water and may have a back-up resistance element)

Energy Star® Rated Split System Air-Conditioners (Minimum size - 1 ton)

- \$200 per unit for split system Energy Star® rated air-conditioners of 15 to 16 SEER.
- \$300 per unit for split system Energy Star® rated air-conditioners above 16 SEER.

Electric Heat Pump – Ground Source (Minimum size - 3/4 ton)

- \$1000 per ton for ground source systems using either ground source closed loop or ground water source.

Electric Heat Pump – Air Source (Minimum size - 1 ton capacity)

- \$170 per unit for terminal units (PTACs similar to the typical under-window hotel room units).
- \$600 per ton for central air source “split” or “mini-split” (ductless) units with SEER of 15-17.
- \$900 per ton for central air source “split” or “mini-split” (ductless) with SEER greater than 17.
- \$200 per unit additional incentive for central air source with integrated Electric Thermal Storage backup.
