

Utility Bill Automatic Payment Plan

Pay your utility bill automatically from your checking or savings account.
No more checks to write or stamps to buy. It's easy, fast, and free!

Your electric bill payment can be automatically withdrawn from a checking or savings account every month. An electronic transfer will allow you the freedom and convenience of not having to mail in a check each month.

Automatic bill payment participants receive a monthly statement marked "Do Not Pay". The money will be drafted on the due date for each statement.

Empire Electric's Budget Billing Plan is another convenient method to pay your electric bill. A combination of these plans is ideal to our members who are away from home frequently or for extended periods of time. Ask an Empire Electric representative for additional brochures if you are interested.
